Fine Art

- The unparalleled [Fine Art Collection](#) showcased throughout CityCenter will feature works by Maya Lin, Jenny Holzer, Nancy Rubins, Claes Oldenburg and Coosje van Bruggen, Frank Stella, Henry Moore, Richard Long, François-Xavier and Claude Lalanne, and Isa Genzken, among others.
- On Vdara's exterior, Nancy Rubins has created one of the most visually stunning commissions at CityCenter with a large-scale installation: *Big Edge*. Measuring approximately 57 feet wide and 75 feet long, Rubins' work of art at CityCenter is a colorful composition of numerous aluminum rowboats, canoes and other small river and ocean vessels finessed into a gravity-defying form that is both delicately balanced and precisely engineered. It is one of Rubins' few works with a permanent home.
- For Vdara's reception desk, CityCenter has purchased one of artist Frank Stella's most prominent works. *Damascus Gate Variation I*, created in 1969, features a design of interlaced semicircles made of fluorescent alkyd resin on a 96 by 384-inch canvas.
- Vdara's concierge lobby will feature a commissioned work of art by Peter Wegner, entitled *Day for Night, Night for Day* 2009. The work is comprised of two wall pieces, one solar-themed soaring approximately 45 feet and one lunar-themed which reaches approximately 34 feet high, each made of stacked, colored paper.

Crystals at CityCenter

- [Crystals](#), CityCenter's retail district, will house more than 500,000 square feet of sophisticated retail and dining. Designed by Studio Daniel Libeskind*** with interior architecture by David Rockwell and Rockwell Group, Crystals will combine dramatic architecture with exclusive offerings from the world's most elite brands to become a preeminent shopping destination. Large-format luxury retailers Louis Vuitton, Hermes, Prada, Christian Dior, Bulgari, Van Cleef & Arpels, TIFFANY & CO., Mikimoto and Ermenegildo Zegna will be among the exceptional brands presented under Crystals' multi-faceted canopy of unprecedented brilliance. Unique-to-the-market retailers opening their first locations in Las Vegas include Tom Ford, Assouline, Kiton, Miu Miu, Paul Smith, Porsche Design, de Grisogono, H. Stern, Marni and Tourbillon. Restaurants opening their first Las Vegas locations at Crystals include Eva Longoria Parker's BESO and Mastro's Ocean Club, joining an exciting new pub concept by Todd English. Wolfgang Puck will open two innovative new restaurant concepts, including a contemporary interpretation of a traditional French brasserie with tastes of the Mediterranean region. Many more luxury brands and dining concepts will be announced at a later date.

Sustainability at Vdara

- Upon opening, CityCenter will be one of the largest sustainable developments in existence, bringing a new level of environmental consciousness to the world-famous Strip. In addition to Vdara, the U.S. Green Building Council has awarded LEED® Gold certification to ARIA's hotel tower, convention center and theater. CityCenter's remaining venues are poised to receive a combination of Silver and Gold LEED® ratings.
- Vdara's windows will be coated to reduce heat transfer into the building by reflecting light.
- Vdara will save an estimated six million gallons of water each year, equating to a savings of 30 percent within the building and 60 percent in outdoor landscaping.
- Vdara will feature the world's first fleet of stretch limos powered by compressed natural gas (CNG). CNG has abundant domestic reserves and is one of the cleanest-burning alternative fuels available
